

**RV Solutions WA has a Code of Conduct which explains how we:**

- 1. Do business**
- 2. Work together**
- 3. Engage with our community and other stakeholders**

At RV Solutions WA, the basis for our Code of Conduct is a simple one: Do the right thing.

Our business has been built upon the values of honesty, integrity and quality relationships with our associates, customers, suppliers, vendors, shareholders and our community.

Relationships require a strong foundation of mutual trust and understanding that is nurtured day after day. That trust is earned, not just by following the letter of the law, but also by striving to “do the right thing”.

Our Code of Conduct is based on these values and contains the fundamental principles of how we expect to conduct business. It makes clear that all associates are expected to understand and appreciate the ethical considerations of their decisions and reaffirms our long-standing commitment to a culture of corporate and individual accountability and responsibility.

From a business perspective, doing the right thing means following our company policies and procedures, speaking up, getting advice and complying with the law. There is no way to provide rules of conduct that will apply to every possible situation. For situations not specifically included in this Code, or in our policies and procedures, we still expect that Spartan First and our associates will act appropriately at all times.

Remember that all of us are responsible for being familiar with all the policies and rules that apply to our job duties. Any questions that you may have should be raised with your Supervisor or Manager.

We encourage all of our stakeholders to contribute towards the development of this Policy and to challenge any non-compliant or ineffective practices.
